Smith Stopped by Coffey---Seventeen Teams Drawn for Six Day Cycle Race---Hounds Outwitted by Foxes

JIM COFFEY KNOCKS **OUT GUNBOAT SMITH**

Overhand Right Swing Lands on Jaw in Fourth Round and Ends Bout.

FINISH COMES SUDDENLY

Coffey, the Dublin Giant, reestablished himself in the pride and esteem Gunboat Smith in the fourth round of in Madison Square Garden Coffey put the Gunner away overhand right swing to the point of the jaw after one minute and fifty-five seconds of the fourth round

was unusually dramatic. Until the fourth round Smith appeared to be in a way to last quite through the ten if not Yorkville, bantams, fought six fast rounds to a draw.

Beginning the fourth round on the ad of his handlers Smith rushed from orner in an attempt to intimidate tended right swing from the hip. He stepped in and as he did so delivered a right uppercut. This landed fairly over Gunner's heart, Smith's sagged, his guard dropped. Coffey pressed in once more after he had shaken the Gunboat out of a clinch. Again he launched the uppercut. This time it

Coffey, excited as a boy with his first pair of skates, followed more closely than the Gunner dreamed. The deadly ight overhand as Coffey ran had sped on its way as the Gunner turned to get his hearings. Before Smith could so much k an eyelash the crusher had gone

Smith crumpled like a bullock before the butcher's mallet. He fell face downward, doubled up. A spasm shook him the afternoon session at the Broadway straight. He rolled over, as do most Sporting Club yesterday. His opponent fighters mortally struck. Referee Roche was Eddle Carrom. ed off the seconds while the Gunboat's At the count of five Smith turned see in a game effort to arise. At eight both colored, met at the grasped the lower rope and pulled C. last night and Langfor thinself to where he could eatch the top Chink in the fifth round. one. At nine he was on his feet again, but his legs had gone dead and he crumpled into a heap once more. Referee Roche stopped it then. He helped aree Roche stopped it then. He helped the Guner arise, while a bevy of handlers rushed to their offices. Smith was dazed for seconds after he reached his so was declared the winner.

Illinois School to Send Its Team Here

HE Hamilton Institute football team has arranged a game with the East Aurora High School eleven of Aurora, Ill., to be played at 2:30 P. M. Saturday at the Federal League Park in Brooklyn. The Western schoolboys have not been beaten in two years and this year made a remarkable record by scoring 412 points against 9 for their opponents. Dr. A. N. Shaw of Hamilton Institute said that he expects the school athletic association will lose \$500 or \$600 on the game, but believes the intersectional match will benefit scholastic football in general.

The outcome was not entirely unexpected, but the finish came suddenly and

Pollok Announces His Man Wil Accept Best Bld for Bout.

Harry Pollok, manager of Freddie Weish, announced yesterday that the latter now is ready to sign articles to box Charley White for the world's light-weight championship. "White won in the poll of the sporting editors of the country made by a Chicago paper, and I have wired Nate Lewis, White's manager, that Weish is ready for a title battle to take place within six weeks from the date of signing," said Poliok. "If Lewis will come here or appoint a representative we will sign immediately. After signing I want the match to be left open for two weeks for bids, it then to be given to the club offering the best inducements.

"So far there are two bids for the latter now is ready to sign articles to

asround reearth in 48 hours! FORTY Horse Power

100,000 miles in 48 hours!

100,000 miles of demonstration of RELIABILITY, power, speed, stamina, and ECONOMY of fuel! 100,000 miles of ROAD performance over any and every kind of roads that the country knows, level and hilly, smooth and rutty, hard and muddy!

Such is the proof that Studebaker gave in the most sensational ROAD test that any STOCK car was ever subjected to.

"Make 1000 miles inside of 48 hours" we said to our Dealers; "let's see how this Studebaker model will stand up in such a test."

And 100 Studebaker Dealers started cars-STOCK cars, mind you. And they covered 101,565.66 miles!

They did the distance in the average time of 36.6 hours. At a speed averaging 27.73 miles.

And-and THIS is the wonderful fact of the entire Run-the 100 cars running over every known type of road, over every known kind of country, up mountain sides and hills that make most cars labor, and through mud, slush, snowdrifts in some places and rainstorms—averaged 12.3 miles to every gallon of gasoline and 446.87 miles to every gallon of oil.

Never has there been a more deci-

roads. The drivers had to make a fixed distance in a set time. And they had to drive over the very roads that YOU use when you drive your own car. ONLY they put the car to tests that you'd never dream of. The San Jose, Cal., Car made 343

miles in 11 hours on one day-with the radiator sealed and the car locked in high, the gear-lever having been removed.

The Idaho Falls Car had to break a trail through 6 inches of snow for 20 miles. The Seattle Car in its 1000mile NON-STOP run, made in 31.53 hours, climbed the sides of Mt. Ranier in a driving storm. The Colorado Springs Car finished its 1000 miles in a snowdrift 13,500 feet high

of a car's stamina and POWER and tire 1000 miles and came in with a dependability on the ROAD. It 100% score. And so it went the wasn't a SHOW drive over nice country over.

Taken all in all, the Run was the most amazing event of its kind that the roads of America have ever

And on top of what Studebaker Cars are doing in the hands of more than 200,000 owners, it has proved the car's RELIABILITY. It has proved the car's POWER. It has proved the car's STAMINA. It has proved the car's ECONOMY, and above all it has proved the car's indomitable QUALITY. And the remarkable performance over any and all kinds of going has proved the Studebaker's supremacy as a car for WINTER driving.

See this record-making car at our Showrooms-the car that has set a on Pike's Peak. The Utica, N. Y. NEW standard in road-performance
